## WHO AM I?

I am **Network Engineer** by **profession** and a **Graphic Designer** by **passion**. Highly motivated and detail-oriented, with a strong drive to combine technical expertise with creativity. Experienced in network operations, business analysis, and inspired graphic design projects that bring both function and visual impact together.

## WORK EXPERIENCE

### ANTLABS

2023 – PRESENT <https://www.facebook.com/antlabs>

Network Engineer at ANTLabs IT Services and IT Consulting, promoted to SME, overseeing critical IT operations, AWS/system administration, and training, while also leading as the official graphic designer managing ANTLabs' social media page and visual content.

### DOC JBT THE VET EXPLORER

2024- 2025 <https://www.facebook.com/docjbtthevetexplorer>

Contributed to our family business selling cockfighting feeds by creating and editing promotional videos for social media and marketing campaigns, as well as providing business analysis to track sales, monitor customer demand, and support operational improvements.
